

General Info

Objectives of the Course

It aims to help students develop their musical expression skills by learning about the historical development, structure, sound characteristics, and usage areas of various musical instruments. The course also aims to provide knowledge about the classification of instruments, their roles in the orchestra, and their cultural contexts.

Course Contents

This course will enable students to learn the historical backgrounds of various instruments. It covers Turkish Music instruments, Classical Western Music instruments, and the technical and musical construction of different musical instruments, supported by relevant compositions. The course also includes presenting the sound frequencies and characteristics of instruments, and playing works composed for these instruments through projections.

Recommended or Required Reading

Notebook- Note- Taking

Planned Learning Activities and Teaching Methods

The student can develop an understanding of the history of different musical instruments and improve their musical listening skills.

Recommended Optional Programme Components

The student can develop an understanding of the history of different musical instruments and improve their musical listening skills.
