Table :

- P.O. 1 :** Improve and deepen their knowledge in the same or different field based on the graduate level qualifications in their field of study.
- P.O. 2 :** Make an efficient use of the resources in a relevant field of study based on their graduate level of qualifications.
- P.O. 3 :** Use the relevant research methods and techniques and have both theoretical and practical knowledge in their field of study.
- P.O. 4 :** Interpret, solve and produce new data by integrating the data obtained from both their field of study and different fields of study.
- P.O. 5 :** Use the expert knowledge they have obtained in their field of study to promote the level of education, culture and arts of the society.
- P.O. 6 :** Carry out independent studies requiring expertise related to their field of study
- P.O. 7 :** Develop new approaches to solve unpredictable complex problems encountered in applications in their field of study.
- P.O. 8 :** Act as a leading role in solving problems related to their field of study, organizing personal, institutional teamworks at an expert level.
- P.O. 9 :** Examine the social relations and the norms guiding these relations from a critical point of view and act on the spot to change them when needed.
- P.O. 10 :** Transfer the updates and projects carried out in their field of study by reinforcing them with qualitative and quantitative data across groups within and out of their field of study.
- P.O. 11 :** Collect, interpret, and implement data in their field of study and review and explain these values by considering scientific, cultural, artistic, social and ethical values in the process of announcing the results.
- P.O. 12 :** Comprehend the information related to their field of study at the level of expertise and transmit it to the second parties in accordance with the norms.
- L.O. 1 :** Language awareness can develop through comparing languages.
- L.O. 2 :** It can create a link between two languages.
- L.O. 3 :** It can define fundamental concepts related to Comparative Grammar/Linguistics.
- L.O. 4 :** It can identify the fundamental differences and similarities between German (English) and Turkish.
