

KMY461 - DISSERTATION THESIS / INTERNSHIP - İktisadi ve İdari Bilimler Fakültesi - Kamu Yönetimi Bölümü

General Info

Objectives of the Course

To enable students to document, report, and present their work carried out within the scope of an internship or graduation thesis in accordance with scientific principles, and to develop the skills of students preparing a graduation thesis in identifying a research topic, conducting a literature review, establishing a theoretical framework, collecting and analyzing data, evaluating findings, and preparing a scientific thesis.

Course Contents

For students undertaking an internship, the evaluation of internship activities carried out during the summer period, the review of internship logbooks, the presentation of internship experiences, and the preparation of internship reports; for students preparing a graduation thesis, the identification of the research topic, the development of the table of contents and introduction sections, the conduct of a literature review, the establishment of the theoretical framework, the collection and analysis of data, the evaluation of findings, and the completion of the study as a scientific thesis.

Recommended or Required Reading

1. Karasar, N. (2016). Bilimsel Araştırma Yöntemi, Nobel Akademik Yayıncılık: Ankara. 2. Yıldırım, A. & Şimşek, H. (2021). Sosyal Bilimlerde Nitel Araştırma Yöntemleri, Seçkin Yayıncılık: Ankara.

Planned Learning Activities and Teaching Methods

Individual study, research and review, supervised study, report preparation, and presentation methods are used in this course.

Recommended Optional Programme Components

Students are advised to continue their internship or graduation thesis work throughout the course, work in collaboration with their supervisors, and submit the required reports, presentations, and thesis work by the specified deadlines.

Instructor's Assistants

There are no teaching assistants for this course.

Presentation Of Course

Face-to-face

Dersi Veren Öğretim Elemanları

Dr. Öğr. Üyesi Sabriye Ak Kuran Assoc. Prof. Dr. Leyla Kahraman Yüce Assoc. Prof. Dr. Serdar Vural Uygun Assoc. Prof. Dr. Mustafa Arslan Dr. Öğr. Üyesi Görkem Birinci Assoc. Prof. Dr. Çağla Mavruk Dr. Öğr. Üyesi Sami Orçun Ersay Dr. Öğr. Üyesi Sezen Ravanoğlu Yılmaz Prof. Dr. Mehmet Özel

Program Outcomes

1. Organizes information and documents related to the activities carried out within the scope of an internship or graduation thesis.
2. Explains the relationships among the research topic, literature, theoretical framework, data, and findings in the scientific research process.
3. Analyzes the information and data obtained within the scope of an internship or graduation thesis using appropriate methods.
4. Evaluates the results obtained from internship or graduation thesis studies according to scientific criteria.
5. Reports the activities carried out within the scope of an internship or graduation thesis in accordance with scientific writing rules.

Table :

- P.O. 1 :** Upon successful completion of the program students: Learn essential theoretical and empirical concepts of the discipline's main branches, Political Science, Administration Science, Urbanization and Environmental Problems and Legal Sciences and gain a perspective which is appropriate for creating solutions in this scope.
- P.O. 2 :** Identify and compare concrete models of international and national public administration, determine problems and develop solution-oriented models
- P.O. 3 :** Analyze compenents of political, administrative and institutional systems, design institutional systems, and make operational the process of decision-making and coordination mechanisms which are effective for institutionalization;
- P.O. 4 :** Gain ability to adaptate oneself to technologic innovations and use the maximum level of information technologies in order to make managerial decision-making and implementation process more efficient in terms of time and resources;
- P.O. 5 :** Have ability to collect data, analyze and interpret the results via utilizing accumulation of information and interdisciplinary point of view while identifying and solving existing public administration problems;
- P.O. 6 :** Gain ability to apply research methods and techniques in the social disciplines;
- P.O. 7 :** Have a social behavior manner which consists of project preparation skill by taking active responsibility in individual and team work, self-confidence to express oneself easily in the face of community, motivation at high level;
- P.O. 8 :** Establish effective communication, oral and written; at least one foreign language in general use at the level of the European language portfolio B1.;
- P.O. 9 :** Gain self-consciousness for adoption of ethical values as the fundamental values at every stage of life and especially in professional life;
- P.O. 10 :** Have self-consciousness concerning "life-long learning" which aims continuity in education and training.
- L.O. 1 :** Organizes information and documents related to the activities carried out within the scope of an internship or graduation thesis.
- L.O. 2 :** Explains the relationships among the research topic, literature, theoretical framework, data, and findings in the scientific research process.
- L.O. 3 :** Analyzes the information and data obtained within the scope of an internship or graduation thesis using appropriate methods.
- L.O. 4 :** Evaluates the results obtained from internship or graduation thesis studies according to scientific criteria.
- L.O. 5 :** Reports the activities carried out within the scope of an internship or graduation thesis in accordance with scientific writing rules.
