JPN 404 - Research Project II - Fen Edebiyat Fakültesi - Doğu Dilleri ve Edebiyatları Bölümü

General Info

Objectives of the Course

The aim of this course is to teach students the scientific research process in a practical way and to provide them with research skills.

Course Contents

Basic rules and methods required for conducting scientific research in the field of Japanese Language and Literature, determining the research topic and problem, literature review and source research, referencing and citation systems, developing research questions and hypotheses, research methods and design, quantitative, qualitative and mixed methods, determining the research model and sample, data collection techniques, data analysis, interpretation of findings and drawing conclusions, scientific writing rules.

Recommended or Required Reading

Robert A. Day. 1996. Bilimsel Bir Makale Nasıl Yazılır ve Yayınlanır? (Çeviren: Gülay Aşkar Altay). Ankara: Tubitak.Şencan, H. (2005). Sosyal ve Davranışsal Bilimlerde Araştırma Yöntemleri. Seçkin Yayıncılık.Karasar, N. (2020). Bilimsel Araştırma Yöntemi. Ankara: Nobel Akademik Yayıncılık.

Planned Learning Activities and Teaching Methods

Individual study method, report preparation technique

Recommended Optional Programme Components

No recommendation

Instructor's Assistants

No assistants

Presentation Of Course

Face to face

Dersi Veren Öğretim Elemanları

Assoc. Prof. Dr. Gonca Varoğlu Dr. Öğr. Üyesi Ümmühan Sâre Uslu Dr. Öğr. Üyesi Emine Sicim Kaplan

Program Outcomes

1. Learn how to research and investigate in the scientific field.
2. Acquires the habit of using academic resources and scanning literature.
3. Develop skills in writing and presenting scientific reports.
4. Learn to act in accordance with research ethics and academic honesty.

Order	PreparationInfo	Laboratory	TeachingMethods	Theoretical	Practise
1	The writing of the research project will continue.		Individual study method, report preparation technique	Discussion of interim reports and preliminary findings within the fall semester evaluation	
2	The writing of the research project will continue.		Individual study method, report preparation technique	Systematization and reporting of collected data	
3	The writing of the research project will continue.		Individual study method, report preparation technique	In-depth analysis and visualization (table, graph)	
4	The writing of the research project will continue.		Individual study method, report preparation technique	Interpretation of findings	
5	The writing of the research project will continue.		Individual study method, report preparation technique	Writing the discussion and conclusion section	
6	The writing of the research project will continue.		Individual study method, report preparation technique	Structure of an academic research report (introduction, method, findings, discussion)	
7	The writing of the research project will continue.		Individual study method, report preparation technique	Scientific language, spelling and expression rules	
8				Midterm Exam	
9	The writing of the research project will continue.		Individual study method, report preparation technique	Avoiding plagiarism, implementing reference systems	
10	The writing of the research project will continue.		Individual study method, report preparation technique	Draft presentation and feedback	
11	The writing of the research project will continue.		Individual study method, report preparation technique	Writing the final version of the report	
12	The writing of the research project will continue.		Individual study method, report preparation technique	Revision process, regulations	
13	The writing of the research project will continue.		Individual study method, report preparation technique	Presentations of the first group	
14	The writing of the research project will continue.		Individual study method, report preparation technique	Presentations of the second group	
15	The writing of the research project will continue.		Individual study method, report preparation technique	Final evaluation of written projects	

Workload

Activities	Number	PLEASE SELECT TWO DISTINCT LANGUAGES
Vize	1	1,00
Final	1	1,00
Ders Öncesi Bireysel Çalışma	14	3,00
Ders Sonrası Bireysel Çalışma	14	3,00
Araştırma Sunumu	2	1,00
Rapor	14	2,00
İnceleme/Anket Çalışması	14	2,00

Assesments

Activities	Weight (%)
Vize	0,00
Rapor	40,00
Final	0,00
Ödev	60,00

L.O. 3 : Bilimsel rapor yazma ve sunma becerisi gelişir.

L.O. 4 : Araştırma etiği ve akademik dürüstlüğe uygun hareket etmeyi öğrenir.
