

İŞL443 - TRAINING COURSE/BACHELOR GRADUATION THESIS - İktisadi ve İdari Bilimler Fakültesi - İşletme Bölümü

General Info

Objectives of the Course

To provide opportunity for the students to test their knowledge of professional fields before they start their career; to make the students to transfer their theoretical knowledge to application, and to provide opportunity for the students to develop their capabilities in professional fields; to make the students to adapt to working environment after the academic one, and to increase their understanding of responsibility.

Course Contents

Traineeship offers opportunity for the students to transfer the theoretical knowledge acquired during the training program. So, it covers all kinds of work-related activity. Within the scope of this traineeship, the students have to work in any field covering the areas of business in 20 days of actual work. The work is reported in training file in detail. This training file is approved by the person in the work environment, and the approved file is delivered to the appropriate personnel to be evaluated and graded.

Recommended or Required Reading

Internship Documents, Internship Evaluation Form, Internship Logbook, and Internship Report

Planned Learning Activities and Teaching Methods

Students prepare a presentation that includes the practical knowledge they acquired during their internships. On the designated internship presentation date for each student, they present their presentations to their internship advisors. The internship will be evaluated through a question-and-answer session. The internship notebook and report preparation process will also be considered.

Recommended Optional Programme Components

During the first week of the semester, all students must go to the internship advisor's office to determine the internship presentation schedule.

Instructor's Assistants

No teaching assistant has been assigned to this course.
